FITZROVIA IT'S YOUR NEIGHBOURHOOD

A group of us are progressing ideas for a West Fitzrovia Neighbourhood Forum, with the aim of ensuring a good future for our neighbourhood. We all feel it is important that this area remain intact in the face of continuing development pressure.

We would like you to consider [becoming a member of the forum](#). Our mode of working will be collaborative, inclusive and fun. We're not about boring meetings, but about bringing local residents and business together to network and share knowledge. Most importantly we want local people to be able to influence planning in the area by making a neighbourhood plan. Once approved, this would have the status of planning policy and could be used to help manage and control development in our area. In addition, using the new localism legislation, we can help influence how Community Infrastructure Levy can be spent. That is money raised by Westminster City Council from local developments.

IMPORTANT CONSULTATION DEADLINE 13th DECEMBER 2013

To ensure that this happens make your views known to Westminster City Council Today. [Consultation Link](#)

Please also fill in the [questionnaire](#), giving us your initial views about issues that affect this area. This will help us mould the aims of FitzWest.

We are looking for more members to recruit to become active in the process. That might mean committing an hour a month, attending the occasional event, or reading and commenting on our reports via email. If, once you have heard more, you would like to contribute more time, expertise or ideas, we would be delighted to hear from you. At the very least register with us, add your name to our supporters list and we will keep you up to date via occasional emails.
